TESTING STEPS

- 1 Install** the provided APK.
- 2 Open** GameFocus.
- 3 Grant all requested permissions:**
 - Usage Access
 - Notifications
 - Do Not Disturb
 - Battery Optimization (optional but recommended)
- 4 Open** several games on your device.
- 5 Play** each game for at least 5–10 minutes.
- 6 Verify that:**
 - Game detection starts automatically
 - Focus Mode activates properly
 - Sessions are correctly recorded
 - Dashboard updates with new data
 - Timeline updates accurately
 - Analytics reflects recent gameplay
- 7 Open Game Details and test shortcuts:**
 - Open Game shortcut
 - Play Store link
 - Share feature
- 8 Test exporting reports** (CSV, JSON, PDF).

Navigate through every screen and section.

10 Look carefully for:

- Crashes or unexpected closes
- Incorrect information or stats
- Missing buttons or broken links
- Slow performance or lag
- UI glitches or alignment issues

**PLEASE REPORT**

-  Device model
-  Android version
-  Bugs found
-  Steps to reproduce bugs
-  Suggestions & Feedback
-  Favorite feature
-  Overall rating

Thank you for contributing!

Your participation in the **GameFocus Beta Program** directly helps improve the quality of future releases.
